Funeral services were held Monday afternoon for M. P. Stanley, 67, who died suddenly Saturday afternoon. The services were held at the First Baptist Church in Pahokee of which the deceased was a member and deacon. Rev. Guthrie Colvard was in charge of the service and burial was at Port Mayaca.

Mr. Stanley and his family's wide acquaintance in the Glades brought out a large crowd of sorrowing friends for the funeral. Glades automobile dealers attended in a group and a large majority of the members of the Pahokee Rotary Club were in attendance in a body.

He is survived by his wife, Louise, and a son, Capt. Millard P. Stanley, USAF, Los Angeles, California and a sister Mrs. Margaret Bowman, Quitman, Georgia.

Pallbearers were: Mitchell Kirk, K. E. Hood, Jr., Roy Browning, Warren Stamp, Earl Kelly, Robert Norwood, Jack Griffin and R. M. Barry. Wetherington. Funeral Home was in charge of arrangements.

Geo. Warren Qualifies For County Board

County Commissioner George V. Warren filed Wednesday for reelection to his seat on the Palm Beach County Board of Commissioners.

Warren, a Delray Beach resident, is currently serving as chairman of the Board of County Commissioners.

He defeated veteran Democratic County Commissioner Ben F. Sunday in 1962 when he ran as a Republican. His victory gave Republicans the first Republican majority in the county commission in the history of Palm Beach County.

The county commissioner was born in Merrillan, Wisconsin. His father was editor of a weekly newspaper. After graduation from high school, Warren went to work as a salesman and later joined City Products Corp., an ice manufacturing concern.

He moved to Delray Beach 15 years ago where he was a merchant. During that time he established several successful businesses.

In 1956 he ran for the Delray Beach City Commission and was elected Mayor. Since that time he served three two-year terms on the governing body and as mayor for two terms.

Commissioner Warren is seeking re-election because he would like the opportunity to use the experience he has gained in the last three and one-half years to better serve county residents.

Roberts Seeks Job P. S. C. Board

State Representative Emmett S. Roberts of Belle Glade in Group II for one of the three man post of the Public Service Commission which is considered the single most important State agency as it regulates the rates of our public utilities and the vast transportation industry. He is a 12 year veteran of the Florida House of Representatives.

Roberts said that in his travels throughout Florida, he has found widespread support for the idea of increasing the ability of the commission to perform its service for all the people of this State. "At the present time, the utility companies of Florida employ the top rate experts, attorneys and accountants in order to present their case to the Public Service Commission. These experts are paid by the public as a part of their utility bill," Roberts said, "It is imperative that the citizens of Florida be afforded the same high caliber experts to advise the commission for the benefit of all the people. This policy will insure fair rates to all customers of the

companies regulated by the Public Service Commission and will also insure their continued growth."

Roberts earned his Bachelor of Science degree at the University of Florida and was born in Clearwater and educated in St. Petersburg. He is 53 years old, married to the former Jenlaura Geer of Gainesville and they have two daughters, Anna Marie, 16, and Patty Jane, 11.

Mrs. Martha Bowman of Quitman, Georgia, sister of M. P. Stanley, accompanied by her son and daughter-in-law, Mr. and Mrs. Stanley Bowman of Valdosta, Georgia, returned to her home on Tuesday.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: Allholder E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $1\frac{1}{4}\%$ increase makes it unnecessary—and is a bonus—because it is to your advantage to retain your Federal Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00); \$200 (cost \$150.00), \$500 (cost \$375.00); \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at your bank. It takes only a few minutes. Buy H Bonds automatically through the Payroll Savings Plan at your work. This Plan means you can have your Bonds and your name automatically deducted every pay day. The Bonds you buy by installment are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for education. The money saved by individuals helps keep our economy sound.

**Kill this peltitory weed
in sugar cane.
Use Atrazine. Here's how:**

When you see peltitory weed starting to grow, apply Atrazine 80W herbicide, plus a little surfactant. You'll clean out infestations of this winter annual fast and effectively... without hurting cane.

Atrazine is safe to sugar cane. It will not injure your crop when you apply it as directed on the label. And since it's non-volatile, there's no danger of drift to adjacent, sensitive crops.

Even though Atrazine has proved to control peltitory at any stage of growth, early treatment assures best results. With peltitory under control early, you grow more sugar cane per acre.

That's because Atrazine prevents

peltitory from interfering with sugar cane tillering. Also, Atrazine helps make soil moisture and nutrients available for your cane, and not for peltitory weed.

So plan now to grow the maximum tonnage of sugar cane from each acre you plant this season. Just use Atrazine to control peltitory weed this winter.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS
